EXPERIENCE

SS&C Advent, Jacksonville, FL— *Staff Software Engineer*

AUGUST 2018 - PRESENT

Develop and support enhanced user flows to increase client engagement.

Optimum HIT, Jacksonville, FL— *Web Marketing Manager*

JUNE 2016 - JUNE 2018

Setup, updated, and maintained all external and internal websites coded in HTML5 and WordPress. Configured and sustained multiple web servers.

Clearsense, Jacksonville, FL— *Senior UI Engineer*

JUNE 2015 - JUNE 2016

Prototyped and developed web dashboards for rapid medical diagnoses using data fed from SQL and HADOOP, with .NET and jQuery infrastructure. Updated existing AngularJS and ReactJS websites to build friendlier, more robust user experiences.

Fanatics, Jacksonville, FL— Lead *Front-End Developer*

MAY 2010 - JUNE 2015

Worked with QA, Development, Testing, Creative, and Marketing teams to quantify new website and app features. Led development efforts that continuously increased efficiency and alleviated user struggles, ultimately saving time and money for all stakeholders.
